## RE-SALE PROPERTIES

Stuart Hillard FRICS is a Chartered Surveyor with over 30 years experience advising clients on property matters. Stuart was until early 2015 the only practising Chartered Surveyor in North Cyprus with a T.R.N.C. registered company, a Fellow of the Royal Institution of Chartered Surveyors with an internationally recognised professional qualification.

When you find your ideal property Stuart can make an inspection and provide you with a detailed report, similar to a Building Survey you might commission in the U.K., advising you of its overall condition and detailing matters requiring attention or further investigation, giving you reassurance about your investment. Stuart offers a range of services to give you the peace of mind that comes from instructing an independent U.K. qualified Chartered Surveyor with an internationally recognised qualification.

When you are thinking of remodelling your property or if you need repairs undertaken Stuart can help with professional advice and assistance, from planning to getting the job done.

Compass Cyprus is the trading name of Northern Compass Property Services Limited

TRNC Company Registration Number MS10274
